WHY FRP? WHERE FRP

You’ll find Crane Composites FRP panels in restaurants, food processing plants, cleanrooms, healthcare facilities, schools, or in any commercial space where surface durability, high performance and hygiene are desired. Our vast network of distribution partners means that our products, along with expert technical and installation support, are all easily accessible and readily available.
All Crane Composites coverings have earned GREENGUARD Certification for low chemical emissions, issued by UL Environment. This certification reflects our dedication to improving the quality of our products, while using low-emitting materials in their construction. The use of Crane Composites products may also contribute to earning LEED® certification.
add surfaseal

The Surfaseal film finish, found only on Glasbord, provides a barrier that’s highly resistant to impact and scratching. Because of our unique process, the Surfaseal finish will not trap soil or bacteria on the panel. The surface is up to 10 times easier to clean and up to six times more stain resistant than other sanitary wall systems.

custom designs

Your custom designs, logos or images can now be transformed into a durable, cleanable and easy to install FRP wall panel. Custom moldings are available for seamless and moisture resistant installations.
DESIGNS resilient wall coverings, bring both style and durability into any commercial space. No need to sacrifice aesthetics for hygiene.

**APPLICATIONS**
- School Hallways
- Cafeterias
- Dining Rooms
- Reception Areas
- Health Clubs
- Hospitals
- Assisted Living Centers

**FEATURES**
- Mold & Mildew Free
- Easy to Install
- Cleanable
- Durable

**ACCESSORIES**
- Coordinated Silhouette Trims® Moldings
- Aluminum Moldings

**PRODUCT SPECS**
- **AVAILABLE SIZES:** 4’ x 8’ | 4’ x 10’
- **THICKNESSES:** 0.075”
- **FIRE RATINGS:** Class A or Class C per ASTM E-84 | CAN/ULC-S102

KEMPLY®
Laminated Wall and Ceiling Panels

AVAILABLE SUBSTRATES

- Gypsum 1/2” | 5/8”
- Plywood 3/8” | 1/2” | 5/8” | 3/4”
- Oriented Strand Board 3/8” | 1/2” | 5/8”
- Fluted Polypropylene 0.32” | 0.40”
- Double-Sided ACP Core 0.12” | 0.24”

APPLICATIONS

- Car Washes
- Food Processing Plants
- Refrigerated Warehouses
- Commercial Kitchens
- Laboratories
- Locker Rooms
- Dormitories
- Kennels

PRODUCT SPECS

AVAILABLE SIZES:

- Wall Panels: 4’ x 8’ | 4’ x 10’
- Ceiling Panels: 23.75” x 23.75” | 23.75” x 47.75”

AVAILABLE GLASBORD SKINS:

Glasbord Embossed or Smooth Textures in Class A or Class C Fire Rating per ASTM E-84 (PWI, PIF, PSIF, FX, FSI)

Kemple is fabricated by laminating a single or double Glasbord embossed or smooth panel to a rigid substrate. The resulting Kemple panel has structural strength and rigidity, allowing installation directly to a stud wall or ceiling.

KEMPLY FLUTED POLYPROPYLENE WITH GLASBORD EMBOSSED | WHITE (85) AND SANIGRID
Sanigrid grid systems are the ideal solution for high humidity and chemical environment installations. Sanigrid system feature a series of pre-notched main tees and cross members to lock in the grid. It allows for fast installation, with the entire system easily snapping together.
Vinyl moldings and Silhouette Trims includes the unique Crane Composite expansion control guide to assist with proper installation. The expansion control guides will let you know where to stop with the panel leaving proper room for expansion.
INSTALLATION TOOLS

Crane Composites wall panels are easy to install with our stocked accessories and tools.

Installation accessories include our Crane Fast Grab or Crane Advanced Polymer Adhesive, rollers and trowels along with detailed installation guides and videos. Visit cranecomposites.com/resources.html for detailed installation information.

ABOUT CRANE COMPOSITES

Crane Composites Inc., a subsidiary of Crane Co. (NYSE:CR), is the world’s leading provider of fiber-reinforced composite materials.

Since 1954, we have continued to pioneer numerous patented technologies for industrial and commercial product applications. We’ve built a proven reputation for industry leadership by partnering with customers and suppliers to deliver advanced, industry-leading solutions.

Our products and our team reflect our mission statement: We are a performance driven organization committed to global leadership and the production of high quality composite materials. And we are committed to profitable growth that benefits our employees and stakeholders by adhering to our high standards of Operational Excellence and our Crane Values.

Customers benefit not only from the outstanding performance characteristics of our products; they also realize value from our extensive product support program. Our expert product teams are focused on the needs of customers to provide unparalleled service and expertise.
WHY FRP IS THE RIGHT CHOICE FOR ANY ENVIRONMENT.
